RE: Hamilton High School
2022 Catcher
NCAA Baseball Letter of Reference

To whom it may concern:

I have been asked by Fred Bohn to provide a letter of reference concerning his baseball skills, work ethic and his character as I know it. I am happy to provide such a reference. I have known Fred for three years, and I have had the opportunity to get to know him both on and off the baseball field. I am a scouting supervisor for the Cincinnati Reds, and my evaluation is in line with how I review draft eligible players.

Fred is a right-handed hitting HS Catcher that can play at the next level. Solid athlete with now strength with more to come. Offensively shows average to good bat speed with future plus raw power. He shows balance and rhythm when at the plate and does a good job of staying in his legs. He uses his hands well with his swing and has the ability to routinely drive the ball in the right center gap. Hitting remains a work in progress but he certainly has the tools to be a productive hitter at the next level. Needs to work on his running and speed on the bases.

Defensively, he has the tools to be a plus defender. His hands and feet work well. Sits comfortable and looks natural. Now arm strength that will only improve. 1.87 - 1.95 pop times. Needs to work on anticipation for balls in dirt but feel with time and experience he will become an above average defender at an important position up the middle.

Fred passes the eye test. 6'00" 200 lbs. He has put in the time over the past year gaining forty pounds of muscle. Hard worker who has the drive to be the best player he can be. Great team leader, takes to instruction well and is very coachable.

Excellent family and feel he will be an asset to the college he decides to attend.

Sincerely,

Dan Cholowsky
